General Safety Warning

Please ensure these instructions are fully read and understood before installation/use. Retain these instructions in a safe place for future reference.

Intended Purpose

The Nuvo Toilet Frame range is designed to assist those who have difficulty in lowering onto, or rising from a standard toilet. They can also be used in conjunction with a raised toilet seat.

Fitting Instructions

1. Remove from the packaging and check the frame is free from damage.
2. The frame is delivered ready assembled.
3. To use the frame, first adjust to the desired height, remove the plastic E clips connecting the legs and leg extensions.

Slide the leg extensions to the required position ensuring that all legs are equal in height. Replace the plastic clips ensuring that each clip is fully connected.

Width Adjustable Models

1. Adjust frame to desired height, as above.
2. Adjust width by removing 'E' clips, sliding horizontal bars to required width, aligning holes and replacing 'E' clips.

Floor Fixing

1. Adjust frame to desired height, as above.
2. A total of 12 screws must be used to fix the frame to the floor, using fixing methods appropriate to the floor's construction.

Safety Precautions

- Do not exceed the maximum user weight limit.
- Ensure an even floor surface to prevent Rocking.
- Inspect at regular intervals for wear and damage.
- Do not use if rubber feet are damaged.

Cleaning Instructions

- Clean frame and armrests regularly, use a general purpose, neutral detergent and warm water.
- Do not use an abrasive detergent, cleaner or cloth to clean or dry this product.
- To disinfect, wipe with a mild chloride disinfectant (solution of 1000 parts per million).
