WEYMOUTH

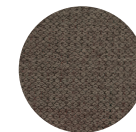

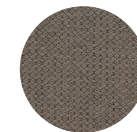

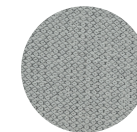

Innovative technology meets contemporary style for a recliner that supports you and your busy life. The Weymouth by VivaLift is the perfect addition to your home. The single motor mechanism allows you to fully recline at the touch of a button. Whilst our dual motor mechanism lets you move the back of the chair and footrest independently, helping you find the perfect position. The Weymouth lets you fully recline with infinite, lay-flat positioning and experience maximum relaxation.

Mechanism Options:

- Single Motor
- Dual Motor
- Dual Motor with Powered Headrest and Powered Lumbar
