NRS Foldaway Footrest

⚠ General Safety Warning ⚠

Please make sure that you read and follow these instructions carefully. Keep these instructions in a safe place for future reference.

1. INTENDED USE

This height adjustable footrest offers a choice of three different height positions. The highest position elevates the legs to help stimulate circulation and ease tired legs. The footrest can be angled in various positions to rest legs comfortably. The footrest can also be used flattened to a neat footstool for resting thighs and keeping feet warm.

2. SAFETY

Do not use this product until you have read these instructions.

For maximum stability ensure the hinge on the base is facing the chair as shown in Figure 1.

DO NOT SIT on the footrest. The product has a maximum weight limit of 18kg (2.8st) and is not suitable for sitting on.

3. UNPACKING

Remove the packaging and check all parts carefully. Contact your supplier immediately if parts are missing or damaged and do not try and assemble.

Note: The front bar is tucked inside the fabric cover to prevent damage in transportation. Before first use remove the bar from inside the cover and allow to swing freely.

4. ASSEMBLY/INSTALLATION

Figure 1:

Maximum User Weight

1. Position the footrest as shown in Figure 1. The footrest can then be set at the required height and angle.

Note: Note the angle can be either forward or backward facing, whichever is the most comfortable.
