

Warranty Card

Thank you for purchasing a HASLED® product. To receive a 12 month warranty, simply complete the below and send to us by post.

From the purchase date, the consumer has a warranty period of one year. To enjoy the one year warranty period, please complete the HASLED Warranty Registration and send back to us.

In certain instances, the product will not be covered under warranty if:

(a) Certain damage is ineligible such as catastrophic damage, such as the device separating into multiple pieces, and inoperability caused by unauthorized modifications

(b) Warranty excludes scratches, dents and broken plastic on ports, damage caused by use with another product, to damage caused by accident, abuse, misuse, liquid contact, fire, earthquake or other external cause

(c) To defects caused by normal wear and tear or otherwise due to the normal aging of the HASLED Product

(d) If any serial number has been removed or defaced from the HASLED Product

If you experience any problems with the product, please contact our support team either by phone or email in the first instance.

Phone: +44(0)116 373 7279
Email: enquiries@hasled.com

You will be responsible for, and pre-pay, all return shipping charges and shall assume all risk of loss or damage to product while in transit to us. We recommend that you use a traceable method of shipping for your protection. We will pay for shipping to return any product to you.

Main Functions

- 5000K - 5500K Cool White light effect for lamp
- Can be used to create different atmospheres and ideal for partying, relaxing, reading etc
- Touch any colour on the colour spectrum to change the colour of the base (holding on to the power button for 3 seconds will automatically cycle through the colour spectrum)
- Comprises of 34 high quality LEDs
- Innovative, stylish and multifunctional LED lamp
- Colour changing base with built-in Red, Green and Blue LEDs
- Flexible goose neck lamp - useful for lighting different angles
- 3 grade touch brightness dimmer
- Energy saving - low power consumption (save upto 80% energy)
- Energy efficient - lifespan of approx 35,000 hours

Caution

- To avoid electric shock, do not disassemble the lamp or the power adapter
- Please use the original adapter provided
- Please do not use the lamp in very high or very low temperatures (use preferably between 5°C degrees and 35°C)
- Do not look directly at the operating lamp for any period of time; this may cause serious eye injury
- Lamps are very fragile. Do not drop, crush, bend or shake them. Vibration or impact will cause filament breakage and short lamp life
- **WARNING: TO PREVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE**

User Guide

- Connect the power adapter to the rear of the lamp

Caution

- Please use only the power adapter provided with this product

- To power on the lamp, please tap the 'ON/OFF' panel (also refer to the 'Operation Instructions' on the next page)

- When adjusting the lamp body, please hold the base securely
- Body adjustable range is 90° (excessive force may cause damage)

- Neck of the lamp can be adjusted as per your requirement
- Neck adjustable range is 45° (excessive force may cause damage)

- Head of the lamp can be adjusted as per your requirement
- Head adjustable range is 30° (excessive force may cause damage)

*When adjusting the lamp body, neck or head, please ensure that the base of the lamp is held

Operation Instructions

- Lamp ON/OFF touch key & 3 grade touch brightness dimmer
- Colour changing base - touch colour reel
- Colour changing base - power ON/OFF touch key

By holding on to the 'Colour changing base - power ON/OFF touch key' - ① for 3 seconds, the base will then begin to change colour automatically (cycling through the colour spectrum)
