

# Every Day Sponge

**Instructions For Bending The Handle**  
The handle can be reformed to help clean difficult-to-reach areas

1 Hold under hot water to soften the plastic OR 2 Or heat the handle with a hair dryer

2 Bend handle to the desired angle 3 Cool handle under cold water to 'set'

**Caution**  
Hot water and steam can cause severe burns; exercise extreme caution.  
Avoid getting hot water in the sponge head to prevent a scalding hazard.
