

INSTRUCTIONS: Position the product on the right and/or left hand so that the fastener strap is wrapped around the lower forearm. Secure the strap.

WARNING: Do not wear within the first 72 hours following an acute injury. This product contains a synthetic fibre, which may cause allergic reactions. Should an irritation or rash develop, discontinue use and seek medical advice. If pain persists, discontinue use and consult your medical professional.

SIZE GUIDE Measure the hand around the knuckles.

Thermoskin® Gloves are anatomically shaped to provide warmth and even compression for the temporary relief of arthritic pain. A textured outer layer provides additional grip for everyday activities and cut out finger tips allow for a better sense of touch.

- Promotion of increased blood flow facilitates enhanced recovery.
- Provides light but firm compression to counteract tissue swelling.
- Clinically tested to increase the skin and muscle temperature. Provides temporary relief from pain/soreness associated with sports injuries, arthritis and RSI.
- Increases elasticity and reactivity of the muscle.
- Proprioception (support): implies perception of correct body position.
