

Safer easier showers.

Product Information

Fitting

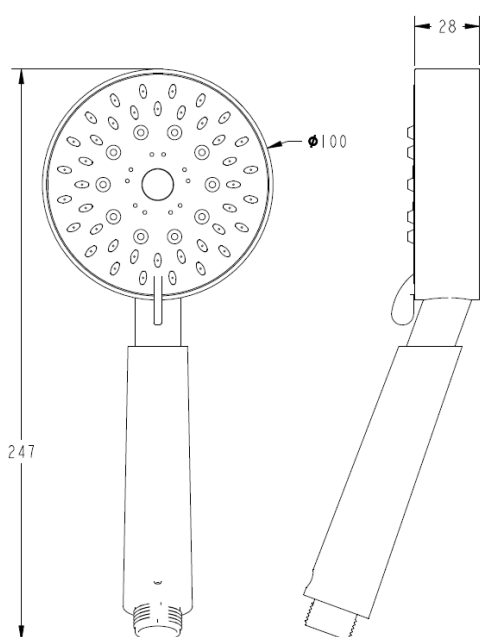

ShowerSpaah fits all hose connected showers in a couple of minutes. No plumber required. See installation instructions

Just screw it on by hand – use no tools. Do not overtighten

Fits electric, mixer and thermostatic showers. Also bath fillers.

Does not fit overhead showers without a hose.

Compliant with most water regulations in the world but, if in doubt, please check with your local supplier.

Bubble Showerhead

Every ShowerSpaah comes complete with this specially designed showerhead. It mixes in a little air so you get lovely warm scented bubbles. Soap, air and water are a magic combination - it's a truly luxurious feeling!

It also has 5 spray settings

- Rain
- Jet
- Waterfall
- Mist
- Rain waterfall

Mixing air with the water also reduces the amount of water and energy you use in the shower so you can save money.
