

## Product Technical Data Sheet 047

### P01560 Height Adjustable Shower Chair

#### Product Range

N/A | N/A

#### Product Description & Intended Purpose

This adjustable height shower chair is intended to be used in a bathroom or shower, to provide a stable seated surface for clients with reduced mobility who are unable to stand during showering.

#### Product Features

- A tubular steel frame with a hardwearing, rust-resisting coating and a moulded polypropylene (PP) seat.
- Arm and back rests provide additional support and comfort.
- Integrated drainage holes increase safety and comfort.
- Rubber ferrules and splayed legs to increase stability on wet surfaces.
- Height adjustable.

#### Technical Specification

##### Dimensions (mm)

- |                                  |   |
|----------------------------------|---|
| • <u>Seat Height min:</u> 450    | • <u>Arm Rest Height from Seat:</u> 200       |
| • <u>Seat Height max:</u> 600    | • <u>Backrest Height:</u> 370                 |
| • <u>Seat Width:</u> 440         | • <u>Footprint Max:</u> 620 X 500             |
| • <u>Seat Depth:</u> 400         | • <u>Footprint Min:</u> 620 X 450             |
| • <u>Width between arms:</u> 500 | <b><u>Maximum User Weight:</u> 160kg/25st</b> |

#### Installation Information: *(Note: for detailed information refer to User Instructions)*

- Fit the seat to the frame by first clipping it onto the rear of the two closely spaced cross bars, and then onto the front cross bar.
- Fit the legs onto the frame and adjust by sliding to the desired height and secure with the fixing clips.
- Set all legs to the same height.
- Check the seat is level and the product is stable before use.

## PTDS047

### P01560 Height Adjustable Shower Chair

#### Safety

- It is recommended that before use an inspection of the product and location suitability is carried out by a suitably qualified person.
- Do not exceed the maximum user weight 160Kg (25st).
- Ensure seat and legs are correctly fitted and secure prior to sitting on the chair.
- Avoid extending the legs in a manner which causes the stool to slant.
- Do not move the stool whilst occupied.

#### Cleaning

- Clean regularly, use a general purpose, neutral detergent and warm water.
- Please check the suitability of the cleaning product before use. Do not use abrasive cleaners or cloths as this will permanently damage the surface and invalidate any warranty.
- Do not use any form of solvent as this will damage the surface and weaken the product and again invalidate any warranty.
- To disinfect, wipe with a dilute bleach solution, and rinse thoroughly with fresh water.
- This shower chair is suitable for thermal decontamination and can be steam cleaned or autoclaved on cleaning cycles up to 80°C
- Dry the seat thoroughly before use.

#### Care & Maintenance

- Inspect the product regularly for signs of wear or damage, pay particular attention to the condition of the feet/ferrules.
- Check that all fixing clips are inserted correctly and there is no excessive movement.
- Check for general wear or damage.

#### FAQ's

- How do I decide what height to set the seat at?

*To measure the height required, sit on a chair with your knees and hips at right angles with your feet flat on the floor (e.g. a 'dining chair'). Measure from the floor to behind the knee. The shower chair can then be set to this height or as close as possible.*

#### Product Supplied By:

**NRS Healthcare** Sherwood House, Cartwright Way, Forest Business Park, Bardon Hill, Coalville, Leicestershire. LE67 1UB UK
