

Economy Wall Mounted Shower Seat

Description	Product Code
Economy Wall Mounted Shower Seat	M00789

Features and Benefits

- Height adjustable for different users
- Folds upwards against the wall when not in use
- Supplied part-assembled - only needs fixing to a suitable wall
- Metal and plastic parts for durability and ease of cleaning

Economy Wall Mounted Shower Seat

Product Description

A simple yet sturdy folding seat to help people unable to stand while showering. Because it folds, it becomes unobtrusive when not in use, so others may use the shower as normal.

We supply the shower seat already part-assembled. Simply set the leg height for the user using the E-clips, then fix the backplate to a suitable wall using appropriate fixings (not supplied). The seat folds upwards when not in use.

Easy-clean plastic and metal parts provide excellent hygiene. The seat has drain holes and a textured surface to provide safety and comfort for the user.

Note: For showers and wet-rooms only. Not recommended for baths due to the space needed for the backplate. Not for fibreglass or acrylic shower enclosures where the walls have low stiffness or strength. Due to the wide array of wall surfaces and fixings available, we do not supply fixings.

Product Technical Details

- Metal frame. Plastic textured seat with drain holes.
- Maximum User Weight: 136 kg (21.5 st).
- Adjustable height.
- Product Weight: 2.6 kg.

Note: All dimensions are subject to manufacturing tolerances and may vary slightly.
