

Adjustable Bath Step

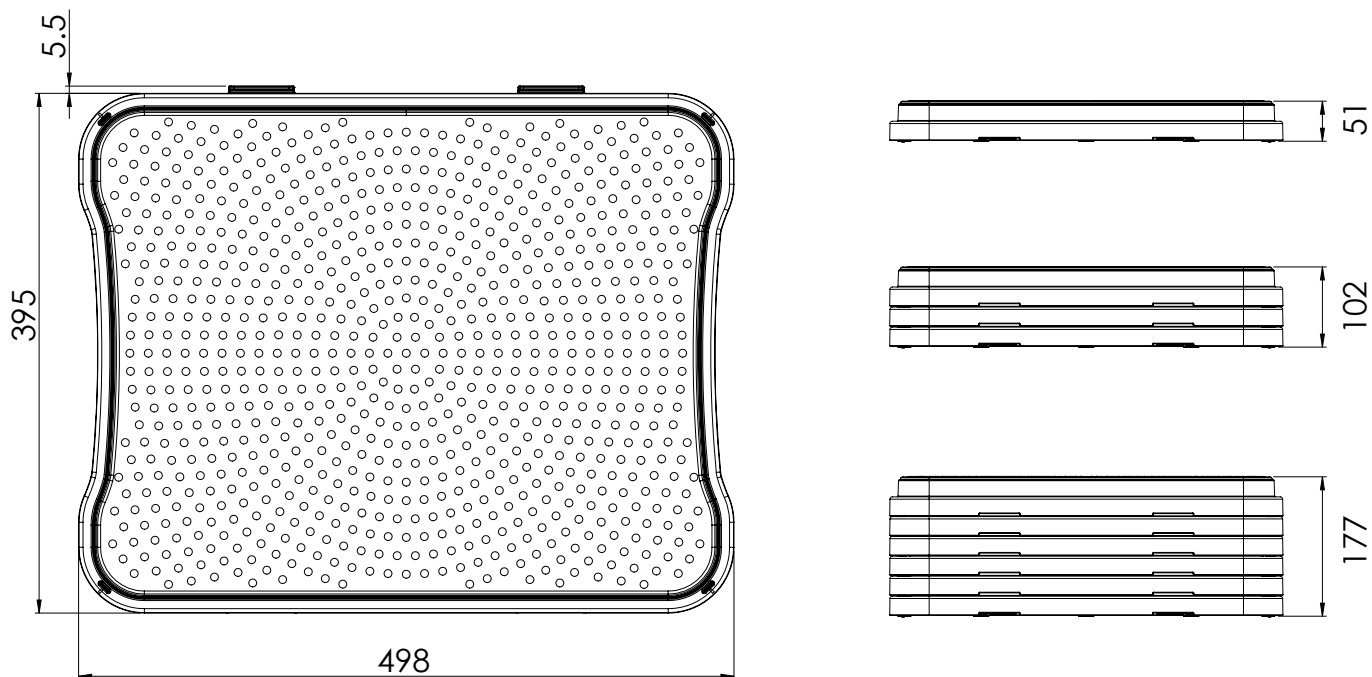

The Adjustable Bath-Step range has been designed to assist users transferring into and out of the bath by reducing the step-over height. It can also provide assistance when using the toilet or sink in a bathroom environment.

PRODUCT FEATURES

- Designed to reduce the height required lifting your legs into and out of the bath, the 3 pieces can be added or removed to suit individual needs.
- Non-slip top surface and rubber feet pads give confidence when getting in and out of the bath.
- The height can be adjustable from one step 50mm (2") to 100mm (4"), using one pack. This can be extended to a maximum of 175mm (7"), using 2 packs.
- NRS Healthcare guarantee this product for a period of 12 months, from the date of purchase.
- Maximum user weight of 317kg (50st).
