## PTDS046

### M46183 Large Key Safe

#### Cleaning

- Clean regularly, use a general purpose, neutral detergent and warm water.
- Please check the suitability of the cleaning product before use. Do not use abrasive cleaners or cloths as this will permanently damage the surface and invalidate any warranty.

#### Care & Maintenance

- Check for general wear or damage. Any suspected faults or damage should immediately be reported to the supplier and the product taken out of action.

#### Accessories / Related Products

None

#### FAQ's

- Where is the best place to position the key safe?

*It is recommended that your key safe is carefully positioned so it is hidden from view. Typical positions might include behind dustbins, or plant pots, it could also be sited to the rear or side of the property. Consider the ease of access for users of the key safe.*
