

## User Instruction for RA-6414 (Table Stand Magnifier)

**Please read and retain this instruction, it provides essential information for correct and safe use.**

**This instruction is guideline only.**

### INTRODUCTION

The table stand magnifier comes with a weighted stand base and a clamping device to attach to a table or desk surface for hands free use. It can be used for a wide variety of applications including reading, sewing, embroidering etc. The extendable arm allows the magnifier to be positioned at different heights and angles. It offers 360° rotation easily.

### SPECIFICATION

Size	Weight	Magnification	Material
Base: 195 x 130 x 45 mm Lens: 240 x 164 mm	1.4 kg	4X	ABS(base, frame) / Acrylic (lens)

### INSTRUCTIONS FOR INSTALLATION AND USE

1. Can be used as a base table magnifier or a clip-on table magnifier.
2. As a base table magnifier, insert the stretch arm into the weighted stand base and adjust the height and angle to the best position.
3. As a clip-on table magnifier, attach the clamping device to a table or desk surface tightly and insert the stretch arm into the clamping device. Adjust the height and angle to the best position.

### WARNING

- Children should seek guidance from a parent before use.
- Do not expose magnifier directly under the sunlight.
- Do not use it to look at the sun to avoid serious damage to the eyes.
- Do not clean the magnifier by using chemicals.
- Periodically inspect for wear and damage.

### MAINTENANCE

The table stand magnifier is designed for minimum maintenance. Please use lens cleaner or alcohol with a soft paper or cloth for cleaning the lens to avoid scratching. Use a moistened cloth for cleaning the body.
